INTRODUCTION

This bibliography represents a selected portion of the holdings of the Air Force Academy Library on this subject. It was prepared by members of the Library staff in conjunction with the Department of Political Science,

This bibliography also supersedes Special Bibliography Number 19 which was published in December 1961. Two areas--Latin America and Southeast Asia--were not treated as separate areas by the 1961 bibliography. Materials related to the areas were included under more general headings. The changing political situation of the world caused the Library to add the two new subject areas to the new bibliography.
